

Vodavi Branded Telephones

- 8-Button Enhanced Speakerphone
- 8-Button Executive Speakerphone
- 30-Button Executive Speakerphone
- 30-Button Full Duplex Speakerphone
- Elite Large Screen Display Phone
- DSS Attendant Console
- The 2.4 GHz Wanderer
- Door Phone (not pictured)

The Vodavi line of digital telephones consists of five desktop models along with a DSS attendant console and a 2.4 Ghz Wanderer handset. All five speakerphones are CTI capable, which enables your computer and telephone to work interactively for efficient call processing. Most are equipped with a standard 2.5mm headset jack, which allows the addition of a wide variety of low-cost headsets.

DSS Attendant Console – Add a DSS console and achieve an additional 48 buttons to support an attendant or answering position.

The 2.4 GHz Wanderer Cordless Handset – With many of the benefits of a Vodavi digital phone, The Wanderer adds mobility from 100 to over 250 feet with the accessibility of your desktop phone number and extension. The Wanderer range may vary based on environment

8-Button Enhanced – With 6 fixed and 8 flexible feature buttons plus a fully integrated speakerphone, this phone covers all the basics.

8-Button Executive – Enjoy the benefits of an LCD display, 3 interactive softkeys and a 2.5 mm headset jack in addition to the features of the 8-Button Enhanced Speakerphone.

30-Button Executive – Ideal for the widest variety of applications, this phone offers 12 fixed and 30 flexible feature buttons plus 3 interactive soft keys and a 2.5 mm headset jack.

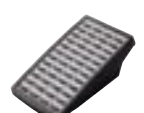

30-Button Full Duplex – With all the features of our 30-Button Executive Speakerphone and the addition of full duplex audio capability, this phone is great for the hands-free executive or the conference room.

Elite Large Screen Display – This telephone is our top-of-the-line business communications solution. This advanced and easy-to-use telephone is equipped with 12 fixed buttons and 30 flexible feature buttons. Additionally, the oversized 7x16 LCD display provides easy access to the interactive feature menu, which offers one-touch access to several commonly used features. These include Do Not Disturb, Last Number Redial, Voice Mail, Speed Dial, Directory and more.
